INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
First Regional Library
Hernando, Mississippi

We have audited the accompanying financial statements of First Regional Library (a nonprofit organization), which comprise the statement of financial position as of September 30, 2015, and the related statements of activities and cash flows for the year ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

As explained in Note 15 to the financial statements, management has chosen not to adopt GASB 68 "Accounting and Financial Reporting for Pensions" which is used to improve accounting and financial reporting for pensions. The effects on the accompanying financial statements have not been determined.

Qualified Opinion

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of First Regional Library as of September 30, 2015, and the changes in net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of surety bonds on page 15 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of surety bonds is fairly stated in all material respects in relation to the basic financial statements as a whole.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared on an accrual basis of accounting. Under the accrual basis, revenue is recognized when earned and expenses are recognized when incurred.

BASIS OF PRESENTATION

The Library maintains a "fund" basis accounting system as prescribed by State and other authorities. The "funds" are separated into three categories for The Library's purposes.

1. UNRESTRICTED - Consisting of net assets that are not subject to donor-imposed stipulations.
2. TEMPORARILY RESTRICTED - Consisting of net assets subject to donor-imposed stipulations that will be met either by the passage of time or by actions of the Library.

**FIRST REGIONAL LIBRARY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2015**

3. **PERMANENTLY RESTRICTED** - Consisting of net assets subject to donor-imposed restrictions that stipulate the resources be maintained permanently by the Library. Generally, the donors of these assets permit the Library to use all or part of the return on related investments for general or specific purposes.

Revenues are reported as increases in unrestricted net assets unless their use is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Interest income from certificate of deposits pertaining to endowment funds is reported as increases to temporarily restricted assets. Expirations of restrictions on temporarily restricted net assets are reported as net assets released from restrictions. It is the Library's policy to record temporarily restricted contributions received and expended in the same accounting period in the unrestricted net asset class.

CASH EQUIVALENTS

All highly liquid investments with an original maturity of three months or less at the date of purchase is considered to be cash equivalents.

INVESTMENTS

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

ALLOWANCE FOR UNCOLLECTIBLE AMOUNTS

There is no allowance for uncollectible amounts as all receivable amounts are expected to be collected.

CONTRIBUTED FACILITIES AND SERVICES

The Library occupies, without charge, premises owned by the various cities and counties. The estimated fair rental value of the premises is not included in the accompanying statements.

Unpaid volunteers have made significant contributions of their time to develop the Library's programs. The value of this contributed time is not reflected in the accompanying statements for these donated services, as they do not meet the criteria requiring such recognition.

ADVERTISING

The library use advertising to promote its programs and services to the general public. The cost of advertising is expensed as incurred.

**FIRST REGIONAL LIBRARY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2015**

PROPERTY AND EQUIPMENT

Acquisitions of property and equipment, other than library materials, in excess of \$500 are capitalized. Property and equipment are recorded at cost if purchased or estimated fair market value if donated. Depreciation is computed using the straight-line method, and is based on the expected useful asset life which will range from 3 to 25 years.

Library materials such as books, audio books and DVD's are all capitalized. Library materials are recorded at cost or fair market value if donated. Depreciation is computed using the straight-line method, and is based on a 5 year useful life.

NOTE 3: CONTINGENCIES

PAID LEAVE POLICY

The First Regional Library Personnel Policy provides employees with paid time off for sick and annual leave. The paid time off for sick leave is earned and accumulated at the rate of 10 days per year. That rate decreases to 9 days per year when a full time employee has earned 10 years of credible service with the First Regional Library. The policy provides that there is no maximum limit of sick leave that can be accumulated, with any unused accrued sick leave at time of separation of employment being counted as credited service under the Mississippi Public Employees' Retirement System, as stated in *MS Code Annotated, Section 25-11-1 et seq.* (1972).

Paid time off for annual leave is earned and accumulated at the rate of 15 days per year for full time employees, and at a pro rata rate for employees working at least 20 hours per week, increasing by one day per year until ten years of service has been reached. No employee may use more than 30 days of accrued leave time in any one fiscal year. Upon separation from employment with the *First* Regional Library for any reason, the employee will be compensated for a maximum of 30 days of unused annual leave. Any unused annual leave time in excess of 30 days will be counted as credited service under the Mississippi Public Employees' Retirement System, as stated in *MS Code Annotated, Section 25-11-1 et seq.* (1972). The potential liability to the First Regional Library is recorded in the financial statements as long-term debt. The liability for the fiscal year ending September 30, 2015 is \$287,772.

GRANTOR AUDITS

The library's grantors, including the Mississippi Library Commission and the Federal Government, have the right to conduct or otherwise require audits of funding they provide to the library. Such audits might result in disallowances of costs submitted for reimbursement or other questioned amounts. No amounts have been provided in the accompanying financial statements for such potential claims. Management believes that, in the event of such audits, any findings would not have a material effect on the Library's financial position or operations.

PLAN DESCRIPTION

The First Regional Library contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing multiple-employer defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by State law and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to Public Employee Retirement System, PERS Building, 429 Mississippi Street, Jackson, Mississippi 39201-1005 or by calling 800-444-PERS.

The current rate is 15.75%, effective July 31, 2013, of annual covered payroll. The contribution requirements of PERS members are established and may be amended only by the State of Mississippi Legislature. The First Regional Library's contributions to PERS for the years ending September 30, 2015, 2014 and 2013 were \$415,626, \$396,193, and \$355,776, respectively, equal to the requirement contributions for each year.

NOTE 10: USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 11: SUBSEQUENT EVENTS

Management of the Library considered subsequent events through March 18, 2016 the date the financial statements were available to be issued. No items that require disclosure were noted.

Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasury on behalf of the library. This new standard requires that cost sharing governments report a net pension liability, pension expense, and pension related deferred inflows of resources based on their proportionate share of the collective amounts for all the employees' Retirement System of Mississippi (PERS).
